

## MINERALS INDUSTRY HONOURS PROJECT GRANTS

The Australasian Institute of Mining and Metallurgy, New Zealand Branch established the Education Endowment Trust in 1998. One of its purposes is to assist students studying in fields related to minerals, mining and petroleum.

The Trust is now inviting applications for a number of grants to be awarded in 2011 to students undertaking research for an honours project in 2011 in geology, engineering or the environment that is related to the minerals and petroleum industries. These grants are being made in addition to the \$5,000 research scholarships that will continue to be made for post graduate thesis (MSc and PhD) research. These research scholarships have already been awarded for 2011.
